Anton B.

OBJECTIVES
Senior .NET developer/Team Leader

SUMMARY
Have over than 8 years of experience in .NET and related technologies development. Result oriented hard worker with strong problem solving skill.

MAJOR SKILLS

C#	8 years	Advanced
.NET Framework	8 years	Advanced
ASP.NET	2 years	Advanced
ASP.NET MVC	6 years	Advanced
Services : Web / WCF / Web API	6 years	Advanced
WEB : HTML / JavaScript / CSS	7 years	Advanced
Java Script Frameworks:		
jQuery	5 years	Advanced
AngularJS	1,5 years	Advanced
D3.js	7 month	Intermediate
KnockoutJS	3 month	Intermediate
Microsoft SQL Server (T-SQL)	7 years	Advanced
Mongo DB	1 year	Intermediate
SQL lite	1 year	Advanced
ORM : Linq to SQL ,EF	6 year	Advanced
ADO.NET	8 years	Advanced
Windows services	8 years	Advanced
XML	8 years	Advanced

PROFESSIONAL EXPERIENCE

Company Aiprosoft
Date 2015 to present
Role Senior .NET developer

Company Quadecco
Date February 2010 - August 2015

Role .NET developer

Company UARank Technologies
Date February 2009 – January 2010
Role Senior .NET developer

Company Solverlabs
Date August 2008 – December 2008
Role Senior .NET developer

Company Elronsy
Date November 2007 – August 2008
Role .NET developer

EDUCATION	
2003-2007	Graduated from Kharkov State University of Radio Electronics (Bachelor).
2008	Graduate in Kharkov State University of Radio Electronics (Master)

MAJOR PROJECTS

Project *AutoShutdown*

Environment Windows XP
IDE VS 2008
Database MS SQL Server 2005
Technologies C#, ADO.NET, Windows Service, Remoting, WMI, MS SQL Server, Setup and Deployment project
Tools / APIs -
VCS SVN
Role .NET Developer
Status Completed.
Team size 1
Description Client-Server administration tools for collect statistics and client configuration

Project *AROF*

Environment Windows XP, IIS
IDE VS 2008
Database XML
Technologies C#, ASP.NET,XML, JavaScript, CSS
Tools / APIs -
VCS SVN
Role ASP.NET Developer
Status In production
Team size 1

Description Portfolio Website

Project *DashComerce*

Environment Windows XP, IIS
IDE VS 2008
Database MS SQL Server 2005
Technologies C#, ASP.NET,ADO.NET , CSS
Tools / APIs -
VCS SVN
Role ASP.NET Developer
Status In production
Team size 2
Description online-shop

Project *CampusAve*

Environment Windows XP, IIS
IDE VS 2008
Database MS SQL Server 2005
Technologies C#, ASP.NET,ADO.NET, jQuery, JavaScript, CSS
Tools / APIs -
VCS SVN
Role ASP.NET Developer
Status In production
Team size 2
Description Webiste for ads

Project *VenueView*

Environment Windows XP, IIS
IDE VS 2008
Database MS SQL Server 2005
Technologies C#, ASP.NET,ADO.NET,LINQ, jQuery, JavaScript, CSS
Tools / APIs -
VCS SVN
Role ASP.NET Developer
Status In production
Team size 2
Description facility management

Project *MyLessons*

Environment Windows Server 2008, IIS
IDE VS 2008

Database MS SQL Server 2005
Technologies C#, ASP.NET , Active records (Nhibernate), Java script, jQuery, CSS, Web Services
Tools / APIs -
VCS SVN
Role ASP.NET Developer
Status In production (moyashkola.com)
Team size 3
Description The popular Ukrainian social network for pupils

Project Custom CRM system for jewelry store

Environment Windows Server 2008, IIS
IDE VS 2010
Database MS SQL Server 2008
Technologies .NET, Windows Mobile, Outlook Plugins, Windows services, Entity Framework, WPF
Tools / APIs -
VCS SVN
Role .NET Developer
Status Completed
Team size 5
Description

Project Road Racing game, Administration Website for this game

Environment Windows Server 2008, IIS
IDE VS 2010
Database MS SQL Server 2008
Technologies .NET, Web Services, ActionScript3, ASP.NET.
Tools / APIs - Vkontakte API
VCS SVN
Role   ASP.NET developer (back-end)
Status In production
Team size 8
Description   Game created for social network Vkontakte. Highload project.

Project *Drey* (One-Stop-Shop system)

Environment Windows Server 2008R2, IIS
IDE VS 2010
Database MS SQL Server 2008
Technologies NET, ASP.NET MVC, LINQ, Windows Services, WCF, CRM(Kooboo), MS SQL Server, XML,
Ajax, JavaScript(jQuery, TinyMCE, jqGrid and etc.) , PDF ,Excel.
Tools / APIs - hMail server, PayPal, DataTrans , ActiveSync
VCS SVN
Role ASP.NET Developer (back-end & front-end)
Status In production
Team size 4
Description E-mail System, Address Books,Calendars, Tasks, Easy Import Tools, Outlook Sync, Easy

Mobile Device Sync,Shared Text (Messages, Forums, Micro-Blogging & Link Exchange) ,Shared Address Books,Shared Calendars,Shared Tasks,Shared File Storages (w/Galleries, w/Versioning),Easy Polls,Profile Pages & Contact List,Easy Hosting & Easy CMS,Easy Newsletters,Business Marketplace,Easy CRM,Easy Shops (w/Billing).

Project *Tunage*

Environment Windows Server 2008R2, IIS
IDE VS 2010
Database MongoDB
Technologies C#, ASP.NET MVC Web API,
Tools / APIs -
VCS SVN
Role ASP.NET Developer (back-end)
Status In production
Team size 2
Description Social network for music lovers and fans

Project *MZE*

Environment Windows Server 2008R2, IIS
IDE VS 2010
Database SqlLite
Technologies .NET, ASP.NET MVC, ADO.NET, WebDav.
Tools / APIs -
VCS SVN
Role ASP.NET Developer (back-end)
Status In production
Team size 1
Description Catalog service

Project *ZipZap*

Environment Windows Server 2008R2, IIS
IDE VS 2013
Database MS SQL Server 2008
Technologies . NET, ASP.NET MVC, EF, jQuery
Tools / APIs - MoneyGram, Rendimento, EBANX, Qiwi, PayPoint and etc.
VCS Git
Role ASP.NET Developer
Status In production
Team size 3
Description Payment aggregator system

Project *Black Mirror*

Environment Windows Server 2008R2, IIS

IDE VS 2013

Database MS SQL Server 2014

Technologies .NET, ASP.NET MVC, OLAP, XML, PDF, PowerPoint, AngularJs, D3.js, jQuery

Tools / APIs -inkScape,wkhtmltopdf.

VCS Git

Role UI developer (front-end), ASP.NET developer (import svg to html and powerpoint)

Status In production

Team size 1

Description Data analytics system

Project *Yacht Rental*

Environment Windows Server 2014, IIS

IDE VS 2015

Database My SQL

Technologies .NET, ASP.NET MVC, Web API, EF 6.0

Tools / APIs - NPOI.

VCS Git

Role ASP.NET developer

Status In production

Team size 3

Description Booking yacht web service

Project NDA

Environment Windows Server 2014, IIS

IDE VS 2015

Database MS SQL, My SQL

Technologies .NET, ASP.NET MVC, EF 6.0, ADO.NET, AngularJs and other (Middleware and bus service logic level : workflow , MQ)

Tools / APIs - NPOI.

VCS Git

Role .NET developer

Status In production

Team size 3

Description I've participated in several projects in big enterprise company which provides services for gas,energy, internet and etc.

Project NDA

Environment Windows Server 2014, IIS

IDE VS 2015

Database MS SQL

Technologies .NET, ASP.NET MVC , EF 6.0, SignalR, AngularJs, WEB API,

Tools / APIs - Azure services

VCS Git

Role .NET developer

Status In production

Team size 3

Description Absence management system based on microservice architecture
